Cedar Lake is located in southeast Oklahoma, in the pine and hardwood-forested mountains of Ouachita National Forest. The campground is situated on the shores of the scenic lake, a popular destination for boating, fishing, horseback riding and hiking. It covers 86 acres and is situated at an elevation of 900 feet. Fall foliage season usually occurs from the last two weeks in October to the first two weeks in November. The campground is a popular starting point for the Winding Stair Mountain Equestrian Trails, a system of over 70 miles of marked horseback riding trails. Swimming areas, a boat ramp and fishing piers are available within the recreation area. Most equestrian sites have electric hookups. Picnic tables, grills, campfire rings and lantern posts are provided, as are flush toilets, warm showers and drinking water. Picnic pavilions are on-site. Horse corrals and a pay phone are located within the equestrian area.
